### Comment text:

Why has Moulsecoomb been split into two different wards? It doesn't make any sense to put half of Moulsecoomb into Stanmer Ward and the other half in Moulsecoomb and Bevendean Ward. What impact will this have for the residents when approaching their councillors, and for the claiming of any Section 106 money from developments in Moulsecoomb which will then be in another ward? What is the reasoning for splitting Moulsecoomb in half?
