### Comment text:

I have lived in Hollingbury and Patcham for 72 years. In all these years I have always been happy with the way this part of town has been serviced by the local councillors, bus services, doctor, dental, schooling and shopping outlets. The only failures in this town seem to be the disgraceful waste removal, re-cycling, street cleaning, filthy toilets all down to the council mismanagement. I see no need for the existing boundaries to be messed about with and fed up with this local council doing nothing to resolve the important issues. The local councillors are always active and try to do the best for the area. What purpose changing the ward areas is of no use to anyone just so the council can justify their meddling and pushing paper and views on this long standing community. Leave our Patcham and Hollingbury community well alone. Change is not always for the best.
