I was born at [REDACTED] 41 years ago and currently live at [REDACTED] basically next door!! All I have know in my life is the local area. I am a plumber, have 2 children, always had dogs (currently a French Bulldog). I walk my dog daily in East Brighton Park. I also take him to the pub with me frequently at The Marina. I have only just learned of the Boundary Commission's proposal for East Brighton ward and I don't support it. In fact I really to strongly object to it. I live where I live. I shop at ASDA in The Marina (as does pretty much everyone that I know locally). I drink in the pubs at The Marina at least 4 times a week and have been known to my shame to drink there 7 days a week. I take my kids to eat at The Marina. Sometimes for breakfast and often for dinner. Hey, I'm a single Dad!! I have absolutely zero connection to Kemp Town other that if I occasionally get called to a job down there, but that is extremely rare. I have wondered in the past at voting time about this and feel that is now my time to speak up.
