I am as residents in central Hove Ward. and a former resident in Brunswick and Adelaide. completely opposed to the merging of existing Brunswick & Adelaide ward and Regency wards, for the following reasons: 1. There is an existing community centered around the squares and streets of Brunswick and Adelaide, which doesn't t connect with Regency ward. 2. The proposed new arrangements cross constituency boundaries between Hove and Pavilion 3. More importantly, the proposals cross traditional town boundaries between Brighton and Hove.
