**Categories:** Submissions, Simon

To whom it may concern,

As a concerned KT19 home owner since 2005, I am writing to object to the proposed boundary changes with regard to Revere Way, Epsom. This proposal will undoubtedly affect the property value and the resale-ability of our homes. In addition to these factors, there are many other reasons that we should remain as we are.

The residents have created important links to their local services and support these avidly. The residents of Revere Way are akin with surrounding streets such as Green Lanes and Station Road for example; there is a real sense of 'neighbourhood' and we wish to remain as such.

It is also evident that the needs of Revere Way residents vary significantly from other residents in Court Ward and for that reason, local governance will be significantly impaired due to the diversity of expectation and ability to satisfy residents' provision in local initiatives.

In these unprecedented times, any interventions and intended amendments to our properties, boundaries and legislation should be concerning for us all. Thank you for considering my views on this matter. I know many other Revere Way residents are greatly concerned by this proposal.

Yours sincerely,
