Dear Sirs,

I support the further draft recommendations for the five wards listed in the northern and central areas of Brighton and Hove City Council - being the boundaries shown in purple on the consultation's interactive maps and described as the "further draft recommendations" in the Local Government Boundary Commission for England's report of 5 July 2022.

I recognise our local communities in the wards presented by the further draft recommendations (ie, the five wards of Hove Park, Hollingbury & Carden, Westdene & Patcham, Hollingdean & Fiveways and Preston Park), which I did not with the previous draft proposals.

In my view, the further draft recommendations should become the final recommendations of the LGBCE for the wards of Hove Park, Hollingbury & Carden, Westdene & Patcham and Preston Park, adjusting only for the observation of the Brighton / Hove town boundary in its entirety between Preston Park and Hove Park wards.

For the Hollingdean & Fiveways ward, I urge the Commissioners to respect long-established community links between Saunders Park estate and Hollingdean, by including the streets around Saunders Park within the Hollingdean & Fiveways ward before finalising their recommendations.

I support entirely the comments made by Claire Wadey in her response dated 10 August 2022.

My thanks to the Commissioners and all staff at the LGBCE for the work undertaken to develop these much improved further draft recommendations.
