I have lived here at [REDACTED] Windmill Drive Westdene for 40 years and will never move because I love it so much here. I moved here from Surrenden Road 40 years ago so have been in city for a long time. I was born and bred here and will not move. This review will affect me and my neighbours so I do hope you have the time to read through these comments. Looking at your proposals I can see that there are two options for Westdene in this review, namely either to go in with Patcham or to go in with Hove Park in the future wards. I feel much more connected to Hove Park than Patcham. Westdene is a place that faces Hove Park in aspect and my garden has a vista all the way down through Hove to the sea. I can see Hove Park and all the tree lined areas and down onto the seafront beyond it is a wonderful vista. We are connected with Hove in our day to day lives too. We spend most of our shopping time in Hove our daily shops are at Waitrose , Marks and Spencer's in Hove. Once a month I meet with my investment club at Hangleton Manor in Hove for lunch for example and play Bridge in hove. I don't have a car but I have a very good friend who takes me places by car. Other times I will take a taxi or the nos 27 bus to get into town which goes down Dyke Road Ave to the clock tower. I am a big walker and I walk around Westdene occasionally down into hove to the Chiropodist opposite the shops on Woodland Drive. I have used this chiropodist for a couple of years she is excellent I would not go anywhere else. There's nice walks in hove park and you can walk all the way down and back up from Westdene if you are fit enough! My feet let me down though these days for going too far. I play bridge with friends in Hove off the Dyke Road near the shops in Woodland Drive whenever we've got time. I'm picked up by a friend who also plays with us. As you can see I very seldom go to Patcham. There is a reason for this which is there is no bus to Patcham from Westdene I couldn't get there as I don't have a car. I would not want to be in Patcham ward because it is disconnected to my life and i couldn't get there. I've got another friend who is one hundred years old that lives in Hove. We are all one neighbourhood Westdene and hove park and quite a close knit community here in Westdene and hove park. Anyway I hope you will take my views into account as it is most important that Westdene joins with Hove Park. Kind regards, [REDACTED]
