What utter nonsense! Surely people have better things to do with their time than propose ridiculous ways to waste public money. Patcham should not be split as this goes against the criteria that the boundary commission use; "interests and identities, and boundaries should be identifiable. Consider transport links, community groups and facilities, natural or physical boundaries, parishes and shared interests." The commission is also quoted as saying ; "We also aim to ensure that the ward boundaries reflect the interests and identities of local communities, as well as promoting effective local government". This initiative fails on all of those for Patcham! There is no need to split the Patcham community and I would strongly urge you to abandon this idea.
