Comment text:

I have commented before but the more I think about the arrangements for West Bridgford the more they make no sense at all. 3 member wards strikes me as plain lazy. None should be more than 2 members and if you had 1 member wards you could probably avoid having to change them so much so often which would be better. My previous comments were long but I could summarize them as : wards should be centred on the shops: on Loughborough Road, Melton Road, Trent Boulevard, Abbey Road, possibly Gordon Square and finally of course Central Avenue.
