### Comment text:

My evidence relates to the draft proposal boundaries of Alcester East and West and, in particular, the inclusion of Oversley Green in the East. As a long-term resident of Oversley Green, I feel that our hamlet has always been very closely aligned with Alcester Town centre; geographically (we're only a few minutes' walk from the town and our main local shopping), as well as politically (a past and the present Mayor of Alcester are Oversley Green residents). I would like to see that link maintained, with Oversley Green included within the draft Alcester West ward. In my view, the existing proposal boundary running eastwards along Stratford Road out of Alcester, should be extended along Stratford Road (past Elm Drive and the entrance to Durlop House) to Trench Lane, with all of the area south of this new line (currently shown as Alcester East Ward), reverting to forming a continuation of the Alcester West Ward. Thank you.
