Concerning proposed changes to move Peopleton (currently residing in the Upton Snodsbury Ward) to Drakes Broughton Ward. I have a serious concern with what is planned in the draft recommendations. For many years we have enjoyed extremely good relations with our respective Councillors both local and county, who have appreciated and supported the needs of our small and active village. If we are lumped in with Drakes Broughton, which, due to it's ever expanding size, one can hardly call it a village, we will just be considered an "add on" and are unlikely to be either listened to or taken seriously. If I may respectfully suggest we are much better off staying as we are, together with our neighbours Broughton Hackett, White Ladies Aston, etc.etc. who are like minded "Small Villages" Finally, the speed with which Drakes Broughton is being developed, it will soon be part of Pershore. I hope the authorities will see the strength of our argument and leave Peopleton in the Upton Snodsbury Ward. [REDACTED].
