Why on earth is Little Comberton put in the Fladbury Ward. How utterly stupid is that. Who though that one up. Why can't it stay with Elmley Castle and Great Comberton which is its sister village. They are Bredon villages Fladbury isn't. Little Comberton has connections with Elmley re the public house, school and various social groups, not to mention a huge beautiful hill in our midst. Why put us in with Fladbury there is absolutely and categorically no connection there. This is the most stupid and ridiculous idea.
