Comment text:

We disagree with this proposal. We are part of a community of small villages at the foot of Bredon hill within the Cotswolds AONB and share similar issues and concerns within this community. Eckington by contrast is a large and busy village outside the Cotswolds AONB that has its own issues and concerns that differ from ours. Eckington is currently under development and becoming more urbanized. We are concerned that being combined with Eckington, our village and the land between will be targeted for further development. This will be damaging for the countryside, environment and our community. This proposal should not be allowed to proceed without our community being offered fair and impartial advice on the long term effects the proposed changes.
