Comment text:

In response to the latest draft recommendations, please note the following comments for consideration from Great Comberton Parish Council: • Great and Little Comberton Parishes have a natural affinity with Elmley Castle, and as such, believe they should remain in the same Ward. • The Parishes of Great Comberton, Little Comberton, Elmley Castle and Bricklehampton each share common concerns; therefore, the issue of a mutual community should transcend. • Councillors request that a potential, new Ward would be better identified and named as Fladbury & Combertons.
