Comment text:

Re Belmont Division - this includes the communities of Belmont, Carrville, Gilesgate Moor, Gilesgate, Sunderland Road estates, Sherburn Road estate. Some of the communities are in Belmont Parish Council (Belmont, Carrville, Gilesgate Moor) and I would ask that they remain together within any new new electoral division as to split them across two divisions could be problematic. I would request that the unparished estates who have a clear identity of community are kept complete and are not divided across an estate by a boundary as this could be detrimental to community relations. Thus I request the following communities be kept intact (although a community might move into a new division) and not have a dividing line drawn through the middle of a street. Gilesgate (Bradford Crescent, Wakenshaw Road, Annand Road, Musgrave Gardens, Heaviside Place etc) Sunderland Road estates - Edge Court, Young Street, The Moorlands, Frank Street Sherburn Road estate - Cuthbert Avenue, Goodyear Crescent, Hilda Avenue, Hapgood Drive, The Woodlands estate (Laurel Avenue, Ash Avenue, Pine Avenue, Oak Avenue).
