Subject: Division boundaries for Durham County Council
Date: 06 December 2022 15:58:34

Dear Sirs,

May I request that my comments remain anonymous.

As you have not provided a map with your proposed boundaries, it is not possible to comment on your specific thoughts on how you would plan to reduce the number of County Councillors.

However, should there be an amalgamation or changes involving the Healyfield Parish, can I propose that Lanchester Westwards (including Muggleswick and Healeyfield Parishes) remain together and possibly aligned with Delves Lane.

The reason for this is that these areas have an affinity with Consett, but not actually being in the Consett town centre, as such we have similar history and sense of belonging. Should this increase the population above your criteria, then consideration could be made to move Langley Park to a ward nearer to the West or South West of Durham City.

Regards,

[REDACTED]
