(1) Church Stretton and Craven Arms should have their own separate councillors as they are markedly different towns each with their own hinterland. (2) Something needs to be done about South Shropshire. Living in Ludlow, I am very aware of the minimal representation we have and how this appears to affect decisions that are made. For example, Ambulance coverage is absolutely woeful. My mother, aged 90, had to wait almost 15 hours for an ambulance back in July 2022 following a fall in which she fractured her pelvis; she later died, in part due to the trauma of that day and night. This kind of institutionalised neglect of the vulnerable is unconscionable in a supposedly developed country. We have to do everything we can to support services in this part of the county and more representation would be a huge help.
