I live north of the [REDACTED] road in Ford Heath which is just 1 mile from Ford and 4 from Pontesbury which parish I am in. This doesn't make any sense, especially as my neighbour over the road is in Ford Parish. It would make sense for the Ford Boundary to come down the road from Ford to Cruckton Crossing and then go down the main road to the Ford Heath turn just before bridge and include all Ford Heath houses and then continue up the road to Shoot Hill as it does now. All logically and in name part of Ford.
