### Comment text:

1. The Weir Hill development should remain within Shrewsbury Town, rather than being attached to a rural ward. 2. Bayston Hill electoral division should mirror the boundaries of Bayston Hill Parish Council on community grounds even though this will be above the recommended size for divisions suggested by the Boundary Commission. 3. Bridgnorth should be divided into three seats which should not include any link to the Worfield division. 4. If St Martins needs to be reduced in size then this the best way to do this would be to move Duddeston Heath into the Meres division with the subsequent transfer of Harmer Hill, Myddle and Broughton parish to Tern division. Every effort should be made to ensure that St Martins School and the village of St Martins itself are within the same electoral division.
