Boundary Changes - Fulmer to Join Wexham

To whom it may concern

I'm disappointed and concerned with the proposed apportionment of the parish borders for Fulmer.

I understand the re-drawing of the councillors' map is a challenging undertaking. I also appreciate that taking into account natural community ties can cause further complications. However, I must admit to my concern about Fulmer (where I live) being moved away from its close connections to Gerrards Cross and Chalfont St Peter and instead linked to Wexham, Farnham, Stoke Poges and Hedgerley.

My family and I feel closely connected to Gerrards Cross. I am there every day! My children attend school in Gerrards Cross, I shop there, travel to work from the station, socialise in the restaurants, fill my car up in the petrol station and pay to park at the station and Station Road car parks for travel and shopping. I attend the Christmas shopping day in Gerrards Cross, fireworks at the Memorial Centre, and other activities held there, e.g. jumble sales and antiques fairs. Many of my friends and peers do the same. As such, I feel the people of Fulmer's interests are more closely aligned to Gerrards Cross than Wexham and Farnham, given that we simply don't spend time there nor have connection to the community.

I respectfully request that the decision to change the borders is reconsidered to recognise and ensure closely connected communities stay together. Do please let me know if you require any further information from me on the subject; I'd be happy to oblige. I thank you in advance for your consideration of my concerns.

Yours faithfully
