Comment text:

I welcome the revised boundary to reinstate New Denham as part of Denham and Gerrards Cross. This will enable the continuation of established community work carried out by several volunteers who are residents of New Denham. These services which support the elderly, children and parents have always been facilitated via the Saint James church in Gerrards Cross, the GXCA and St Mary's Church Denham. By retaining New Denham in the GX & Denham boundary, enables New Denham volunteers to continue their valuable work which has supported the community for many years. During COVID, the New Denham team supported over 100 vulnerable people with meals. Post COVID, we continue to support our community via the cooking of meals, delivering parenting courses, supporting Ukraine "guests" and providing bereavement care as well as other activities. Both I and the New Denham volunteers thank you for our continued inclusion in the GX & Denham boundary which enables us to serve our community.
