Dear Sir or Madam

I have been made aware of the proposed boundary changes to Fulmer Village for it to effectively leave Gerrards Cross and join Wexham. This would be a great shame and a negative step.

Fulmer is very connected to Gerrards Cross in terms of its residents and facilities. As a local estate agent and Gerrards Cross resident for over 35 years I have always sold properties in the village mainly because of its proximity to the facilities in Gerrards Cross such as the station, shops and schools. Residents are naturally drawn to Gerrards Cross and for most people they feel that Fulmer is the rural part of Gerrards Cross which effectively it is.

Please note my strong opposition to the proposed boundary change.

Yours faithfully
