Related subject: Spearing road

I would like to propose you dont move spearing road to west wycombe ward as majority of residents of spearing road would like to stay in castlefield and therefore in the booker cressex and castlefield ward. If this is not possible, which i think it should be, I strongly advise that you introduce the previous ward of oakridge and castlefield as spearing road will always be apart of castefield. Please take this message and take serious action becasue as a person of the electorate I believe spearing road residents should stay in the ward its in or in the oakridge and castlefield ward as it was previously.

Many thanks

Hussain shahid
