Comment text:

Dear Boundary Commission

Our neighbour put this very well and we have nothing further to add:

Proposed change in GX Boundary

Initially, we were not contacted on "Consultation on council size" or "Consultation on new boundaries" although we are greatly affected by the proposed change. We had no information from BCC but our Town Council has now informed us of the latest proposals.

I am happy that proposed revised changes of 13 February 2023 are beneficial to Gerrards Cross for the following reasons

- 1 GX station is now in GX
- 2 We are now in the same parish as our church and our Memorial centre
- 3 Our shopping centre is the town of Gerrards Cross..
- 4 The conservation area of Gerrards Cross is preserved.
- 5 The revised proposed boundary no longer goes right through the middle of GX.

As a Gerrards Cross resident I therefore accept your revised proposal of 13 February 2023 which would keep the town of Gerrards Cross together as a community.

Yours sincerely
