## Comment text:

**Related subject:** Gerrards Cross boundary with Chalfont St Peter

I strongly support the latest proposal from the Boundary Commission. I live close to Austenwood Common but 100 metres inside the GX signpost and 150 metres outside the CSP signpost. I have always felt I was part of the Gerrards Cross community, even though for some strange reason I live in the Chalfont St Peter ward. I have never had any support from the CSP councillors and always contact the GX councillors when we have issues and they respond and deal with them. It is important that the community identify of Gerrards Cross is protected including the Tennis and Bowls clubs, the schools and railway station. The latest proposal is very much welcomed by local residents.
