

## North Northamptonshire Council

### Personal Details:

**Name:** Ash Davies

**E-mail:**

**Postcode:**

**Organisation Name:** Kettering Constituency Conservative Association

### Comment text:

- Removal of Thurston Drive anomaly where the road straddles two wards (presently Wicksteed and Northall). - Futureproof wards to allow for large scale urban extensions across North Northamptonshire eg. Stanton Cross, Hanwood Park. Accurate population forecasting is essential to ensure boundaries will be truly reflective of population growth in the area over coming years. - Ensure cohesiveness where possible with Parliamentary Constituency boundaries to ensure constituency parties can effectively administrate processes relating to candidate selection, election nominations and expenses without too much duplication or crossover with neighbouring counterparts.
