

Tandridge District Council

Personal Details:

Name:

Organisation Name:

Comment text:

It is absolutely essential that in any redrawing of the boundaries, Woldingham remains a single, integral unit. The village and its immediate environs needs and responsibilities are significantly different to those of its immediate neighbours whether in Warlingham, Oxted, Caterham or Tatsfield and as such the voice of the community will not be heard if diluted by the legitimate views of those communities. We are a village, not an albeit small town or quasi urbanised community, surrounded by and inhabiting greenbelt and protecting rural environments. As we are distinctly different we need to retain our individual voice.
