Comment text:

Speldhurst Parish Council fully supports the proposal for a new Speldhurst and Rusthall ward. As indicated in our earlier submission there is much more commonality between Speldhurst and Rusthall than Speldhurst and Bidborough so this change makes logical sense. We completely disagree with the suggestions from some others (not in Speldhurst Parish) of splitting Speldhurst Parish over two wards. We are completely opposed to a warded parish council as we feel that could create divisions on the council where none exist now. Speldhurst Parish Councillors are unanimous in both support for the proposal and objection to any other proposal involving splitting Speldhurst Parish over two wards.
