Comment text:

Tunbridge Wells. I agree with the reduction in Councillors and equalisation proposals. However continuing to to include new wards 1 and 2 Cranbrook and Hawkhurst is " to yoke by violence the most heterogenous elements". These wards have nothing in common with the rest of the Borough. I live in central T Wells (York Road) and our natural community boundary is London Road, not continued incorporation in Culverden. (T Wells West as proposed). I am unclear as to the periodicity of voting (and your remit). I would like all wards to vote simultaneously, not staggered as now. This to reduce cost and delay and electoral frustration .
