Comment text:

I oppose the proposed boundary changes on the grounds that the cure system works fine already. I live in Rusthall and am currently happy that the village has two councillors representing our interests. If we were to be included in a super ward consisting of Speldhurst, Langton Green, Ashhurst and parts of Broadwater with only 2 councillors elected, it would be highly likely that Rusthall would not have any local representatives at borough council level. The above areas all have a different socio-economic make-up to to my village and I fear that our interests would be ignored if the proposals were to go ahead. The electorate should be represented at all levels, particularly borough council, and I feel this not possible in the proposed boundary change plan.
