## Comment text:

As a resident of Preston grange for the last 26 years I think the proposed Preston with Preston Grange ward makes complete sense, Preston Grange has always been somewhat isolated from the rest of the Collingwood Ward and a lot of the community is built between both sides of beach road. We use the community centre in Preston grange but the pubs in Preston village, we shop at Aldi on Hawkeys lane and go swimming at Tynemouth pool. The Preston with Preston Grange ward brings all of these areas together.
