# Response to LGBCE Draft Proposals

## Introduction

The West Northamptonshire Liberal Democrats welcome the draft proposals and are happy that many of the recommendations we put forward were taken on board. That said, we do believe that some areas would better serve the local communities if changes were made. The changes we have outlined in our response continue to ensure; electoral equality, ward patterns reflecting community interests, and promote effective & convenient local government.

Our changes outlined below increase the number of wards from 35 to 36 by splitting to larger wards and combining two larger ones, the summary of our recommended wards follows;

Name of ward	Number of cllrs per ward	Electorate 2021	Variance 2021	Electorate 2028	Variance 2028

## **Response to LGBCE Draft Proposals**

### **Daventry**

We are glad that the commission has taken on recommendations that Daventry town should be self-contained and not in wards with the surrounding villages. That said we do not believe that the two wards suggested are the best way to divide the town to reflect community interests and identities. For example, in the North ward there is little which connects the Timken estate in the East of the Ward and the Monksmoor estate on the West of the ward. There are no shared schools, shops, or other amenities. Equally there is little which connects the Stefan Hill estate in the East and the Southbrook estate in the West of the South ward. It would be much better to create smaller self-contained wards.

As we suggested in our original proposal the North ward should be two wards, one containing the Lang Farm and Monksmoor estates and then Ashby Fields, Middlemore, and Timken in another ward. Lang Farm and Monksmoor are separated, from the rest of the two-member Daventry North ward, by Northern Way and the A361 which makes a very distinct boundary.

In the south, as The Commission suggests, it is harder to create wards which the correct number of electors within 10% of the average ward size. With this in mind, we would be willing to accept the commission's proposal for a Daventry South ward but including Morning Star Road, as the commission suggests, this is more connected to the South Ward than the North.

### **Brixworth & Welford**

We continue to believe, as in our initial submission, that Brixworth village should not be a stand-alone ward. We believe that there are many factors which the settlements in the 'Naseby' ward have in common with the Brixworth ward. Views from some parishes agree with our proposals such as Spratton who access shops and doctors' surgeries in Brixworth. There is a 'shopper hopper' minibus which covers several villages in the provisional 'Naseby' ward but also serves Brixworth. The X7 bus route covers Brixworth and the surrounding villages, connecting our proposed ward.

Having Brixworth as a single councillor ward isolates this village. It is not a town - representation by a single councillor will not best serve the residents of either Brixworth or the surrounding villages. Brixworth as a single councillor ward will be disadvantaged by reducing the opportunity for collaboration and communication between parishes. Similarly, villages such as Welford and Naseby would lose out on the support and connectivity that close collaboration with a large village brings.

All parishes within West Northamptonshire Council area are encouraged to have an 'Emergency Plan' for the situations caused by severe weather, infrastructure failure, an imbalance of power supply and demand. Having a councillor who covers more than a single village will support emergency planning and coordination in extreme circumstances as well as cooperation and communication in usual circumstances.

An example of existing collaboration between parishes is the petition for the continuation of funding for the 50/60 bus. This campaign was a success due to the teamwork from a number of parishes. Without collaboration between affected villages, Brixworth would likely have remained outside the problem-solving approach. It was the joined-up thinking from across the ward that led to a successful reprise for the 59/60 bus.

Combining the two wards also make for better electoral equality as the 'Naseby' ward is forecast to be very close to breaching the 10% limit in ward size. The combined ward would have a 6% variance from the average ward size.

## **Response to LGBCE Draft Proposals**

### **Silverstone**

We believe that the proposed Silverstone Ward is far too large, with villages and settlements with little connection to each other. The proposed ward covers around a fifth of the land mass of West Northamptonshire and more than 20 parishes. For a councillor to attend each parish council meeting just once a year would be a tall order, especially considering that several are held on the same day each month. We believe that you could split the ward into an East, West and South ward which villages that would have some common interests with each other and promote effective & convenient local government.

### **Hunsbury Ward**

We are supportive of the recommendations to include Camp Hill area within the ward, this area is seen as part of the West Hunsbury community and must not be separated out. We also welcome Shelfleys being recognised as part of West Hunsbury, currently it is not and sits in East Hunsbury and Shelfleys ward. Shelfleys is an integral part of West Hunsbury and has not existed as a distinct area for many years now.

We would strongly object to any splitting of the any of the Parishes into different Wards as exists today as we believe this affects how well the parishes are represented at West Northamptonshire Council.

We are concerned that West Hunsbury and East Hunsbury have different demographics so should not be made up in one ward, but we believe they can be split well into two wards.

We believe that a West Hunsbury Ward represented by one member and an East Hunsbury Ward represented by two members would better reflect the local communities.

However, this does mean that some changes will be needed to other wards. Collingtree will need to join the Nene Valley Ward. This in turn make the Nene Valley ward to large so we would move the area of Hackleton currently in the ward into the Hackleton and Grange Ward. Finally, as the Hackleton and Grange ward is now too large we would move Stoke Bruerne into the Deanshanger & Paulerspury ward. With these changes all the mentioned wards have electoral equality within 10% of the average.

### **Kingsthorpe**

We believe that moving Kingsthorpe village from Kingsthorpe South to Kingsthorpe North just for the sake of electoral equality damages the community links in the area. We believe that a single member Kingsthorpe Village ward, separate from a two member Kingsthorpe North and a two member Kingsthorpe South ward would create wards with the best community cohesion. Even though Kingsthorpe village has become part of Northampton, it has retained its distinct village character based around The Green and The Church. Although Kingsthorpe village does share amenities with the surrounding areas in the parish, we do believe it is distinct enough from the surrounding area to make it a one-member ward. However, we are relatively happy with the Kingsthorpe South ward and the Kingsthorpe North ward (with Kingsthorpe village removed).
