I would like to propose currently-named Delapre and Briar Hill Ward be renamed to the Far Cotton, Delapre and Briar Hill Ward.

As a resident of the area for 40 years, being born and raised within the community, myself and other residents refer to our selves as "Cotton Enders". Far Cotton predates both Delapre and Briar Hill and it's title is very much part of the local identity which is both inclusive and has a strong sense of pride.

The indentity of being a "Cotton Ender" or "From Cotton" is very much tied to our sense of community cohesion - something whih paid dividends duing the Covid19 Lockdowns as our community supported each other practically and in spirit.

Also many here believe that Far Cotton and it's community has long been forgotten by the town writ-large and we wish to remind people we exist and are a proud, contributary and historic part of both the town and county that should not be left behind.
