**Organisation Name:** (Member of the public)

## Comment text:

**Related subject:** Preston Capes

Thank you for the opportunity to comment on the proposals. I would be wholly opposed to any suggestion that the existing links between this village and Woodford Halse/Byfield be changed. We are a small community just 3 miles from Woodford, where we can easily access shopping, library, chemist etc. Also we are patients at the Surgery at Byfield. I understand that there are good working links between the councils at Preston Capes and Woodford. Silverstone and Towcester are 10 miles away from here and have no real affinity to our parish, and the relative size of the village would probably mean a dilution of our representation.
