Related subject: Blaydon councillors

I was asked to give my opinion on the number of councillors at Gateshead council. Apparently there are 3 serving the Blaydon ward. I have only ever seen 1 of these doing anything for the area so I suggest you remove the other 2 as 1 is clearly enough. As we have the 10th most expensive council tax in the country perhaps we can see a reduction in that when 2/3 of the councillors are removed - if not can the money saved please be used to actually do the councils job and repair pot holes and cut community grass in the area thanks. The local area has never looked worse. I am in shock at where my council tax is going.

Thanks ?
