Comment text:

Related subject: I live in Whickham my view is a general one

- if services are being reduced then efficiency should also be made in the make up numbers of the councillors to make savings
- I believe that there is likely to be a lot of commonality in the issues and needs and services across the borough and surely these can be represented through a smaller number of councillors
- the comparisons between council members per resident is disproportionate to a great number of other councils and at times of great demands on smaller budgets Gateshead need to demonstrate to its paying residents that they are comparative to other councils across the country .
