Postcode: [REDACTED]  
Organisation Name: (Member of the public)

## Comment text:

To many councilors claiming expenses, they don't listen to what we want, they waste money on road schemes. Why do we have one of the biggest ratio of councilors per head of population and some of the highest rates in the region? They have abandoned parks, library's sports & leisure but they won't take any cut's to the money going to there own pockets Please reduce the number of councilors to make Gateshead a lean efficient area that works for the rate payer's not hordes of councilors lining there pockets.
