**Organisation Name:** Molesey Residents Association (Representative of a local organisation )

## Comment text:

**Related subject:** The boundary of the East Molesey and Esher Surrey CC electoral ward

The Molesey Residents Association believes the current electoral boundary for East Molesey, which is joined with Esher for the purposes of SCC elections, is illogical and confusing for local residents. We would like to see the boundary revised so that it includes an area more closely bordering East Molesey, rather than the present link with Esher.
