Related subject: Hucclecote

Please contact in writing as my daughter is typing this on my behalf via website due to my being registered as partially blind, I'm 85 and don't use my emails - a process like this is difficult to take part in due to my sight and my age & yet I feel that the majority of people where I live would be disadvantaged.

I live at the top end of Hucclecote Road near Sussex Gardens and lived in Hucclecote previously for some thirty years before moving back 7 years ago. I do not agree with having to vote for a Tewkesbury candidate or having to contact Tewkesbury regarding any issues relating to where I live as it's Hucclecote. I never know the candidates & what they do to support where I live. They're not local and when I had to raise an issue regarding where I live, I don't feel the Tewkesbury candidate showed any interest. Please at least, if Brockworth falls under Tewkesbury (?), but I would like to understand how the tail end of Hucclecote falls under Tewkesbury jurisdiction.
