Related subject: Choppington

I am writing as a longstanding resident of West Sleekburn where I have lived for over 50 years and involved in our local Community Trust

My hope is that the boundary review will recognise that West Sleekburn should be incorporated into the Stakeford Electoral Division. West Sleekburn is a small village, immediately adjacent to and part of Stakeford. Stakeford is where we shop and socialise. Many of my friends and neighbours are members of Stakeford Welfare, which is where our children play and enjoy local sports. We have a small Village Hall, provided by Choppington Parish Council who delivers our local services in partnership with Northumberland County Council.

I have discussed this letter with friends, and neighbours in West Sleekburn, who support this proposal without exception. We find it hard to understand why we are linked to the communities of Bedlington Station, Cambois, East Sleekburn and North Blyth which are remote to West Sleekburn.

I trust the boundary review will recognise West Sleekburn should be linked to Stakeford Electoral Division its natural community.
