I disagree with the proposal to move Cottier Grange and Humbles Wood to Stocksfield ward. This is the next village up with completely different needs. It can not be possible that a councillor in Stocksfield would have any care or be able to adequately represent the East side of Prudhoe. If any part of Prudhoe would move to Stocksfield, it would be a part much closer, such as towards Halfway. Otherwise it would make more sense to have a separate councillor for Cottier Grange and Humbles Wood.
