Dear LGBCE,
I would like to support the proposed Benton & Forest Hall ward within your suggested boundaries for North Tyneside.
I believe that the Benton & Forest Hall shares ["Shared sense of community", "Shared local groups", "Shared issues around Anti-social behaviour", "Shared amenities like schools, shops etc"]
Map A is a realistic boundary of what I believe to be Benton and Forest Hall as a place and identity. The council proposal ignores the division of Benton Lane and the resultant ward would be an artificial construct of several distinct communities and despite its title only includes a fraction of what the rest of the world consider to be Benton. I believe boundary changes should be left to professionals, the Boundary Commission.
Many thanks
