I disagree with the Commission's recommendation to make Limpsfield and Tatsfield a 3 member ward. This will remove accountability from the member representing us. At present, with a single member for Tatsfield alone, all local problems can be referred directly to him/her, possible local solutions explored, and the best possible local solution implemented. With a member living in, say, Limpsfield, the vigour with which any solution would be pursued might easily be reduced, and the need for what might be a unique local solution might not be perceived.
