Related subject: Tatsfield

Our previous and current district councillor lives in the village and understands the needs of our unique community.

Limpsfield, on the other hand, is a predominantly residential and entirely different location with different priorities. Due to the way, voting works and the population difference, it's likely that all three district councillors would be elected from Limpsfield.

The elected representatives from Limpsfield would naturally focus on their own area's issues and priorities, potentially sidelining the issues we face in our village. Our current district councillor, Martin Allen, is deeply involved in local issues, such as planning, schools support, roads, and infrastructure, to mention just a few. These are issues that affect all of us. We must do all we can to prevent this detrimental alteration of the ward voting structure.

Martin Allen understands the issues we face in Tatsfield and has always replied to emails and tried to help with whatever issues I have raised with him. I do not think we would get the same with someone who doesn't live or care about Tatsfield
