Related subject: Proposed New Ward of Limpsfield, Tatsfield & Titsey

Tatsfield in particular is very different from Limpsfield with little or no real connection with Limpsfield. The boundaries may be joined but Tatsfield is very distinct being perched on top of the North Downs with its own specific individual transport links (poor) and weather conditions which impact on the population during the winter period. Historically Tatsfields' natural day to day links, with shops, supermarket and GP Practices have been with Biggin Hill and Westerham. It is essential that Tatsfield is represented with a local resident, as it has been for many years, who understands the unique issues and problems effecting Tatsfield and is involved in the day to day life of the village and its organisations. To propose a merger of our Ward with Limpsfield will greatly dilute our voice and influence with the Council as an outsider would have little or no experience or appreciation of our unique situation.
