Related subject: MG and AD Boundary with Kirklees across M62

I have parents in Calderdale Borough.

I think MG boundary and AD boundary and its crossing of the M62, should be changed to Kirklees Borough areas on Kirklees side of the M62 (westbound carriageway) There is no actual reason or gain from having those bits of land to be in Calderdales district. And is confusing to many residents in the neighbouring Kirklees borough never mind Calderdale.

Meaning the motorway should be the boundary and should stop this iggledy piggledy dogs back leg boundary.
