**Related subject:** Ryburn Ward

It makes no sense to me to bring the hilltop village of Sowerby into the same ward as Sowerby Bridge which is an urban environment with completely different issues to those experienced in the village. I believe that Sowerby is a better fit for its existing ward of Ryburn which includes Triangle, Kebroyd and Rishworth, all similar rural villages along with the slightly larger village of Ripponden.

I think the fact that the only secondary school in the Ryburn ward is named RYBURN Valley High School demonstrates the affinity which the area has with the Ryburn Valley as a whole and should Sowerby become part of Sowerby Bridge the school would no longer be in the ward from which it takes its name.
