Related subject: Irthlingborough/ finedon merge

I disagree with this merge I feel we have no connection with finedon. Being a previous finedon resident then moved to irthlingborough. We feel more connected with Addington and higham ferrer's And rushden lakes. Finedon council cannot run anything they are useless. I am finedon Wombles don't feel any support from the parish council. Irthlingborough parish are great they get things done.
