Related subject: All Saints

I believe that All Saints and Brambleside should stay as a single ward .

All Saints and Brambleside have a very strong linked community here at the north end of town, we share community amenities like the local schools, pubs, not to mention pleasure park and are beautiful lovely weekly woods .

We meet neighbours and friends and talk about our concerns or other advice. / information on our All Saints north area .

If this got spilt up and the Aal Saints area got put into a Kettering central I believe it would break down our community and make a huge loss of focus on All Saints
