Related subject: Brambleside and All Saints

Recently I heard about new boundary for All Saints and Brambleside. I don't like the idea for our community to split up as we feel united. We meet on Sundays to listen to music in the Pleasure Park, walk in Weekley Hall Wood, children attend the same school and we all go to the same pub and club. I know all current councillors and they do a great job in organising events, improve our neighborhood and make our lives brighter. Joining Kettering Central doesn't feel right to me, we all know that the authorities always focus only on town center and forget about the rest of the area.

Now we have our unity, shared interests and our councillors. And we don't want to lose either of them and keep our community as it is.
